

Own the Human Half

An AI Readiness Workshop

A focused day for any team evaluating or starting AI.
Walk in unsure where you stand. Walk out with a prioritized plan for where to begin.

WHO IT’S FOR

Leaders about to invest in AI, and teams already mid-rollout and feeling the sprawl. No technical background required.

THE DAY

MORNING • Frame & Assess

- **The Frame**
Why AI rollouts stall: the human half
- **Honest Assessment**
Score your team on the maturity grid
- **The Why**
Define real goals; kill “automate everything”

AFTERNOON • Prioritize & Plan

- **Who Owns It**
Co-sponsors, steward, PM, and data partners
- **Prioritize**
Pick the first move: value vs readiness
- **The First 90 Days**
Guardrails, checks, owners, and dates

WHAT YOU WALK OUT WITH

1

Your maturity profile

2

A prioritized use-case list

3

A named ownership structure

4

A 90-day action plan

By the end, your team leaves connected: knowing who owns what, who can help, and what you are building toward.
